

Generator Application

APPLICANT NAME

NAME

Address

1) ENGINE/ GENERATOR INFORMATION

ENGINE/ GENERATOR MANUFACTURER

MODEL NUMBER

Generation Type: Single-phase

Three-phase

2) Generator Ratings

System Total Maximum Ratings:

_____ kW _____ kVA _____ Volts _____ Amps _____ Hertz _____ Power Factor%

Total inrush (startup) current _____ Amps

3) INTERCONNECTION DISCONNECT SWITCH SHORT CIRCUIT CURRENT SPECIFICATIONS

3a) Total short circuit current contribution of the generating system (at point of interconnection)

_____ Amps (single-phase) _____ Amps (three-phase symmetrical) _____ Amps (asymmetrical)

3b) Load break capability rating of disconnection device (Must be greater than or equal to #3a above)

_____ Amps (single-phase) _____ Amps (three-phase symmetrical) _____ Amps (asymmetrical)

4) Installing Contractor Information

Contractor's Name: _____

Name of Firm: _____

Phone Number: _____

Email: _____

Contractor's Mailing Address:

Applicant Signature

Date

Utility Representative Signature
